This iconic pier is one of our favorite photo spots in every season and a fun stop on your travels.

Ice Fish

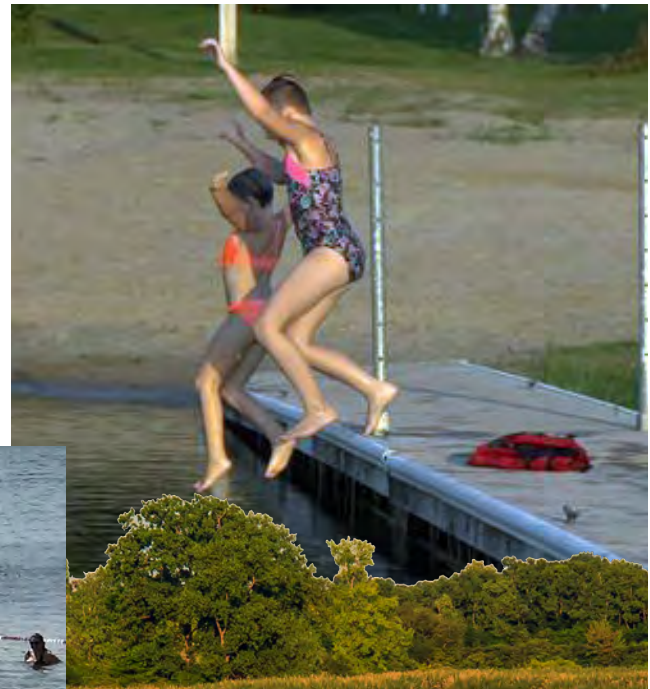

Dower Lake is a local favorite for fishing during the winter. Go old school with just your auger, super warm clothes, and a fishing line. Or choose to fish in style and bring your whole fish house! Just remember to always check the ice thickness before stepping on the ice.

Need gear or bait? Visit Staples ACE Hardware or Staples True Value. Both stores carry a wide selection of fishing gear and offer helpful fishing tips.

Swimming and Boating

Summer wouldn't be summer without time at the lake. And in Staples, you can enjoy the natural beauty of Dower Lake Recreation Area (DLRA). It is located a quick 2 miles west of town and has everything your family needs for a great day on and at the lake.

Put the boat in the water for a quiet day of fishing or get the kids screaming as you pull them on a tube. Then head to the swimming beach and wiggle your toes in Dower Lake's sandy shore.

Cross Country Ski and Snowshoe

The Vintage Golf Course isn't just for warm-weather fun. Nordic skiers appreciate the winding trails through the woods and gently sloping hills. The scenic landscape is breathtaking in every season.

The trails are maintained by local volunteers. Skiers must bring their own equipment.

Do you prefer to walk rather than ski? Pine Grove Park, Dower Lake Recreation Area, and The Vintage Golf Course are great spots to get in a long (or short) snowshoeing adventure.

Lakewood's Sledding Hill

Winter activities include well-groomed snowmobile trails but there is also another activity that draws families, young and old alike - the Sledding Hill at Lakewood Health System located on County 83. Lakewood's hill is a great place to gather you friends or family and spend a few hours or half a day sledding down and running up! Parking is just at the base of the back side of the hill of Lakewood Health System;s employee parking lot. Some days you might even catch the helicopters landing or taking off from just across the parking lot.

This is a favorite winter location for community members and travelers to gather to catch up. Everyone from the young to young at heart enjoys sledding, tubing or even tobogganing down the hill. This hill is expansive enough to do all at the same time! Come on out to Lakewood's Hill and enjoy a fun snowy day or two!

Snowmobile

Have a need for speed? Staples is the place for you. Our central Minnesota location is at the heart of miles and miles of groomed snowmobile trails. Trails abound to the north, south, east, and west. Ride in a new direction each day!

Pick up your printed map at local businesses. Or find all the trails online at the DNR website.

Staples True Value, Wahoo Valley Bar & Grill, and Timberlake Hotel allow snowmobilers to use their parking lots as staging areas. These businesses are located right by the trail. Park your vehicle, don your gear, and head on out to the trail. It's that easy.

Make a day of it or stay all weekend! Staples has great options for lodging and dining to round out your day after traveling the trails.

Railroad Days

Jobs and Business

Time to break up with your long commute? Living and working in Staples means more time and energy to enjoy life – not just sit in your car. Use your former commute time to be home earlier, see your kids' basketball game, attend a play, or go tubing down the Crow Wing River.

Our growing, local businesses have a wide range of employment opportunities available, from entry-level to professional positions. The largest employers in Staples include Lakewood Health System, Sourcewell, 3M, and Stern Rubber Company.

Planning to open your own business or relocate an existing one? Talk to the Staples Economic Development Authority (SEDA). SEDA offers building and development incentives along with financing and incentive programs.

Additional information on our business community can be found at the Staples-Motley Area Chamber of Commerce website.

RESOURCES

Whether you are new to town or have lived in Staples your whole life, sometimes you just have questions. And we want to help! Find common websites, City Hall and library information, transportation links, and commonly asked for maps.

City Hall and Library

Check out your favorite stories. Attend a city council meeting. Register for city services. Obtain a pet license.

Located in the middle of town, the beautiful City Hall building houses city administrative offices, the public library, and a large conference room. The City Hall was first opened in February 2010.

The Staples Public Library is a member of the Great River Regional Library (GRRL) System. Library patrons have access to materials – books, DVDs, CDs, audiobooks, and much more – from across the state with GRRL's huge 900,000-item collection.

The library also offers WiFi access, public workstations, online catalog access, and programming for all ages throughout the year. Need help finding something? Ask one of the friendly, helpful staff.

New to town? Stop into the city office! Ask questions, receive helpful information about Staples, and set up utility service for your home.

Transportation

Friendly Rider provides public bus service Monday - Saturday. The service runs as an "on-demand" schedule. They do not run routes. Riders are picked up and dropped off anywhere within the service area. The bus is available Monday through Friday from 6am-6pm and on Saturdays from 10am-2pm. You may schedule a pick-up time by contacting their office (218.631.5730 or 888.773.5500).

Greyhound runs through Staples on a regular schedule. The bus will pick up and drop off at Ernie's Food Market (1230 US Highway 10 E).

AMTRAK is available from the Staples Historic Depot. They can be reached at (800) 872-7245 or visit their website at www.amtrak.com. Those taking the train from the Depot may park on the west side of the building.

For those looking to fly into town, the **Staples airport**, adjacent to an expanding industrial park, has a 3,300 ft hard-surfaced runway lit with an instrument approach.
